

Cancer Care Coordinator

Available at Icon
Cancer Centre

Our Cancer Care Coordinators provide support to you from when you receive your diagnosis, through your treatment and beyond.

Our Cancer Care Coordinators can support by

- providing personalised support to guide you through diagnosis, treatment and beyond
- facilitating access to allied health and support services
- providing information about your cancer, procedures and treatment
- liaising with hospitals and community services or agencies regarding your ongoing care
- providing patient advocacy services when needed

Our friendly team can connect you with your local coordinator, just ask at the front desk or during your consultation.
