

Prostate Cancer Specialist Nurse

Available at Icon Cancer Centre

Our dedicated Prostate Cancer Specialist Nurses provide confidential supportive care for patients diagnosed with prostate cancer.

Our nurses can support by

- providing an ongoing point of contact and support
- coordinating care throughout their cancer journey
- assisting with access to services both in the hospital and community
- providing reliable information regarding diagnosis and treatment planning
- helping to manage treatment related side effects
- assisting access to support groups and/or supportive resources

This is a free service for all patients diagnosed with prostate cancer. Please ask to be connected with the nurse at your Icon Cancer Centre.

Scan the QR code to find a centre near you with a Prostate Cancer Specialist Nurse and learn more about how they can support your care.

Prostate Cancer Specialist Nurses are provided by Prostate Cancer Foundation of Australia.
